# ABOUT US

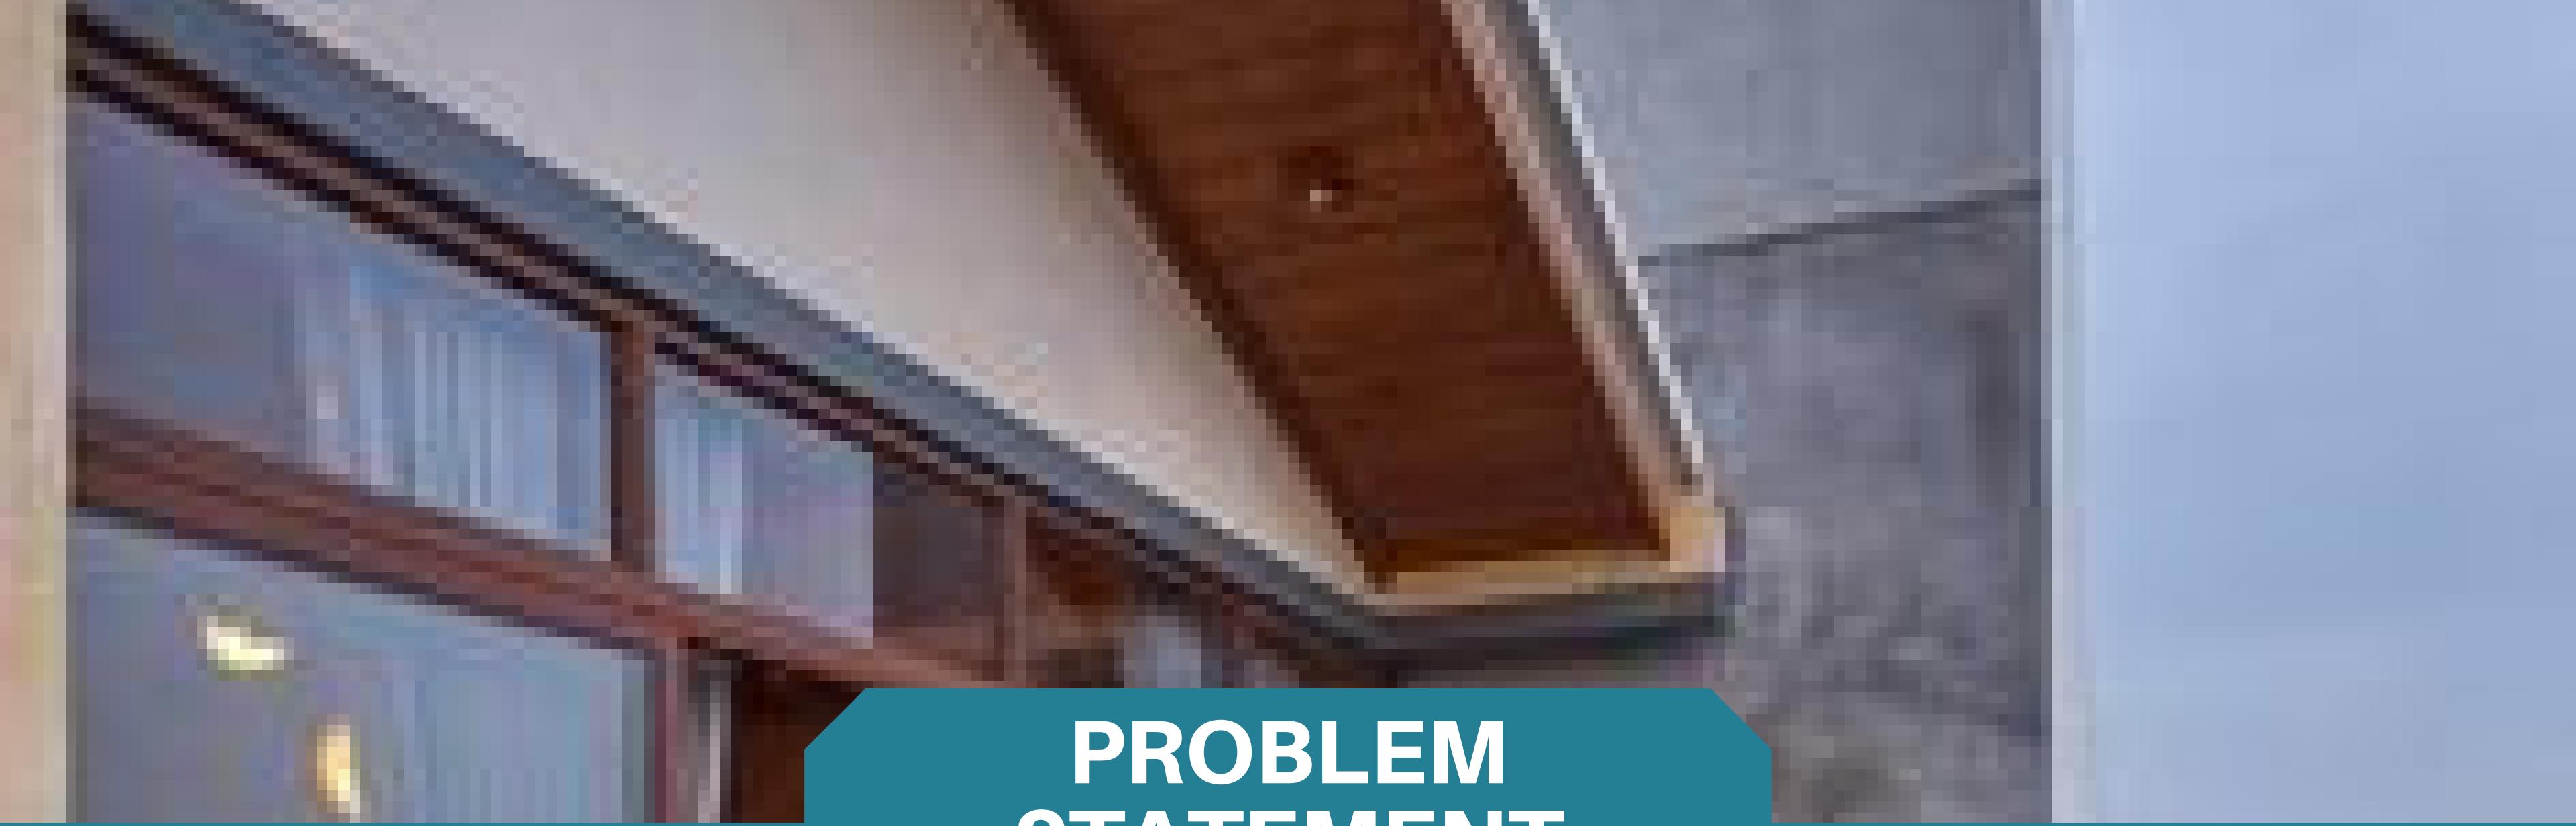

**Diptendu Majumdar - <diptendu.maj558@gmail.com> (12021002016067, 18)**

**Adrija Majumder - <adrijamajumder3@gmail.com> (12021002016058, 16)**

# VISION

**Creating an innovative real estate listing platform that seamlessly connects buyers, sellers, and agents, offering rich property information, virtual tours, and personalized recommendations for a streamlined and satisfying property search experience.**

## PROBLEM STATEMENT

**"Develop a user-friendly mobile app for real estate listings, enabling seamless property search, high-quality images, and detailed information, enhancing the property buying experience."**

# OUR TEAM

**Our team, passionate and driven, aspires to disrupt the real estate market by leveraging technology. We bring fresh ideas, coding skills, and a thirst for innovation to our project.**

## Property Management

Genuine properties with their details for customers who want to buy/rent properties

# OUR SERVICES

## Agent Management

Anyone who wants to upload their property to be bought/rented is verified for authenticity.

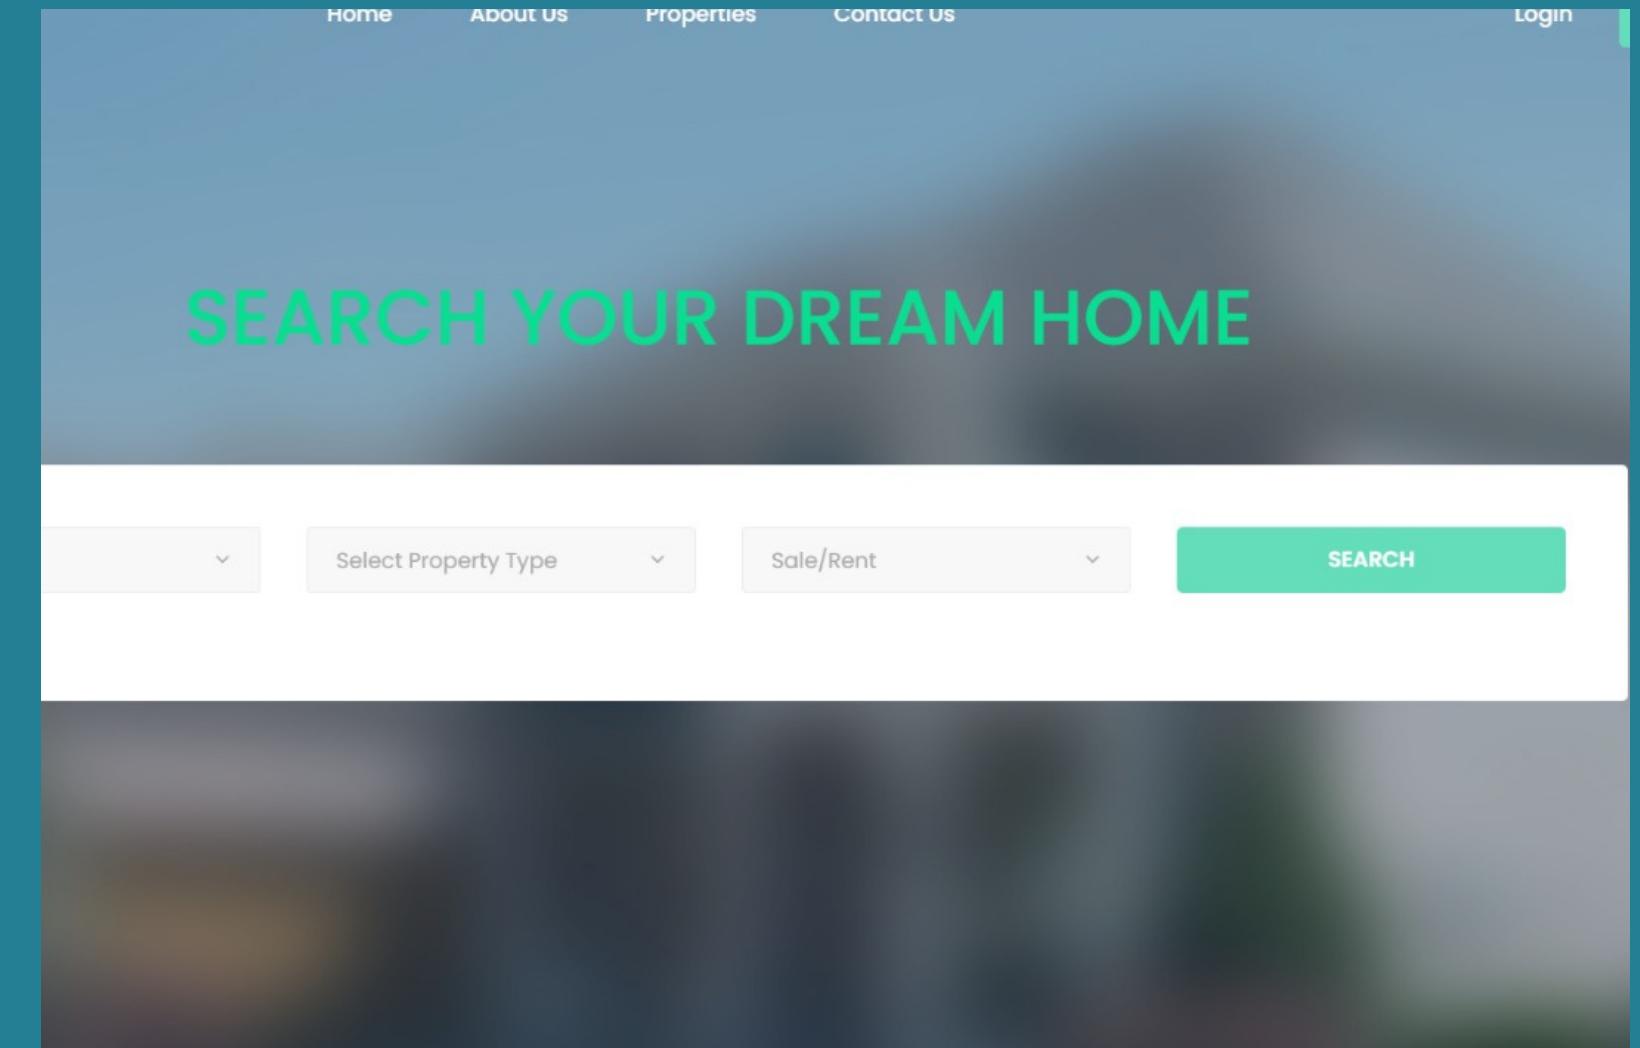

## Buyer Management

Buyers are assured of authentic deals and reliable agents.

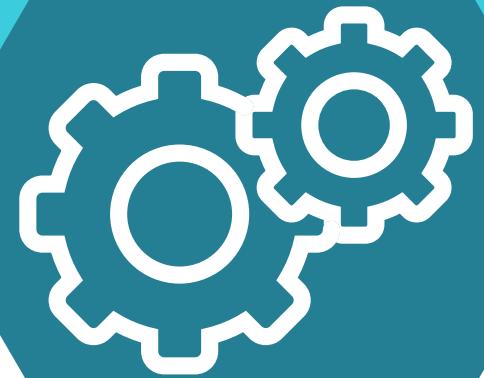

# SOLUTION

**Creating a user-friendly website or app for real estate listings. Inclusion of search filters, high-quality photos, detailed property info, and contact options. Implement a backend database using PHP to manage listings and user profiles. Advertise the platform to attract both buyers and sellers.**

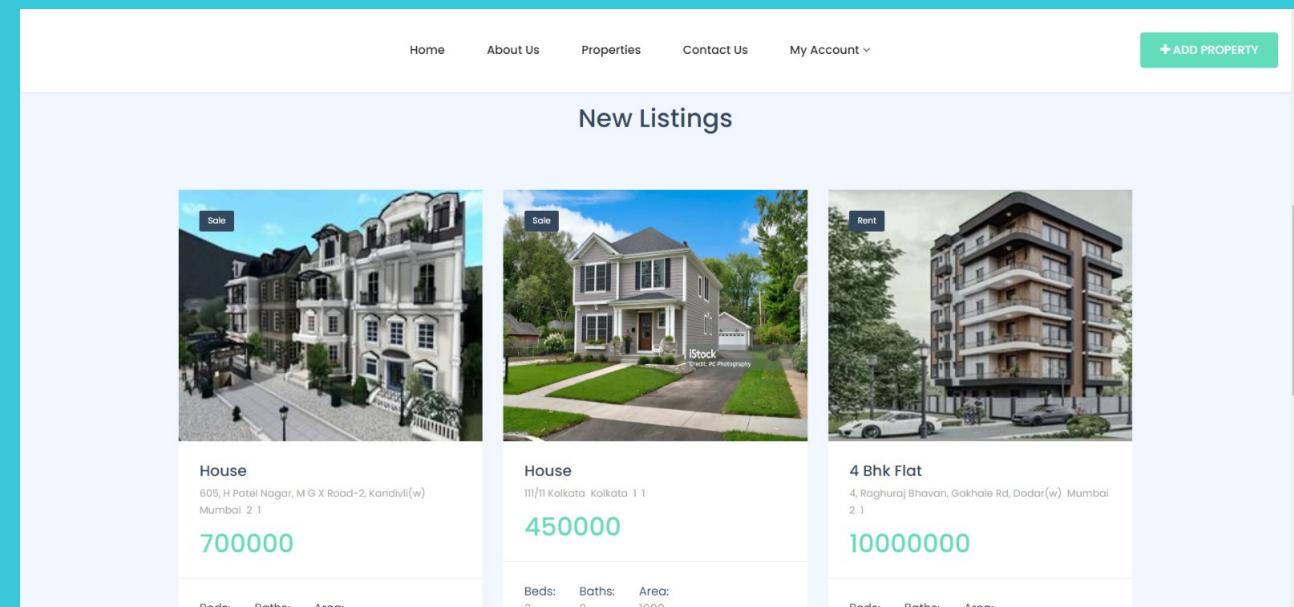

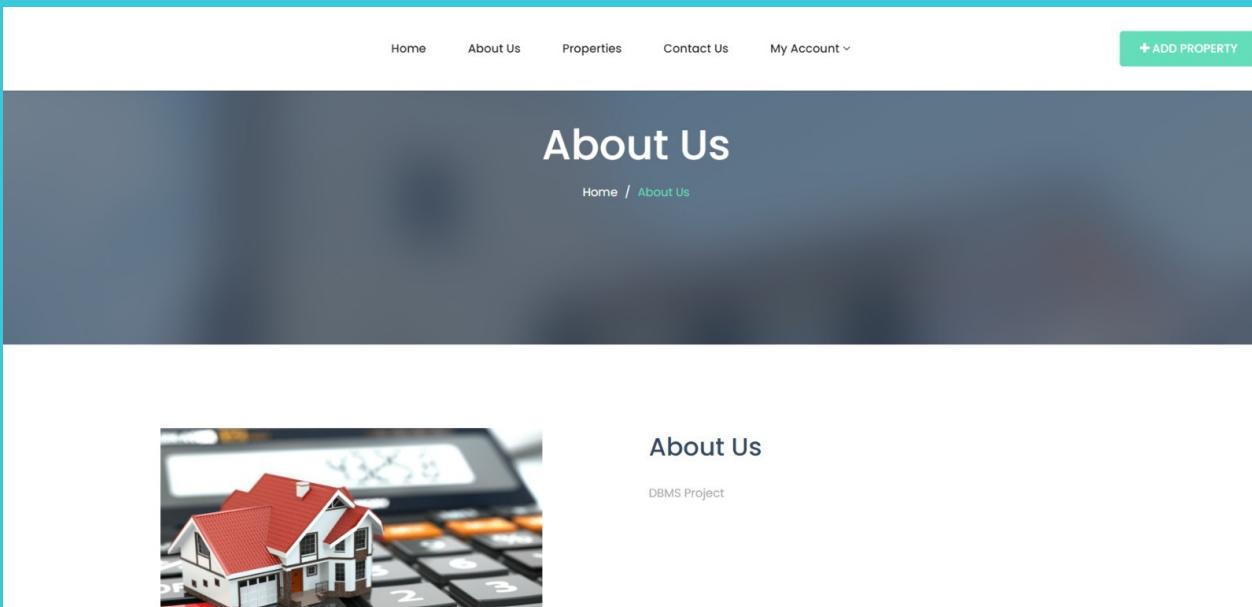

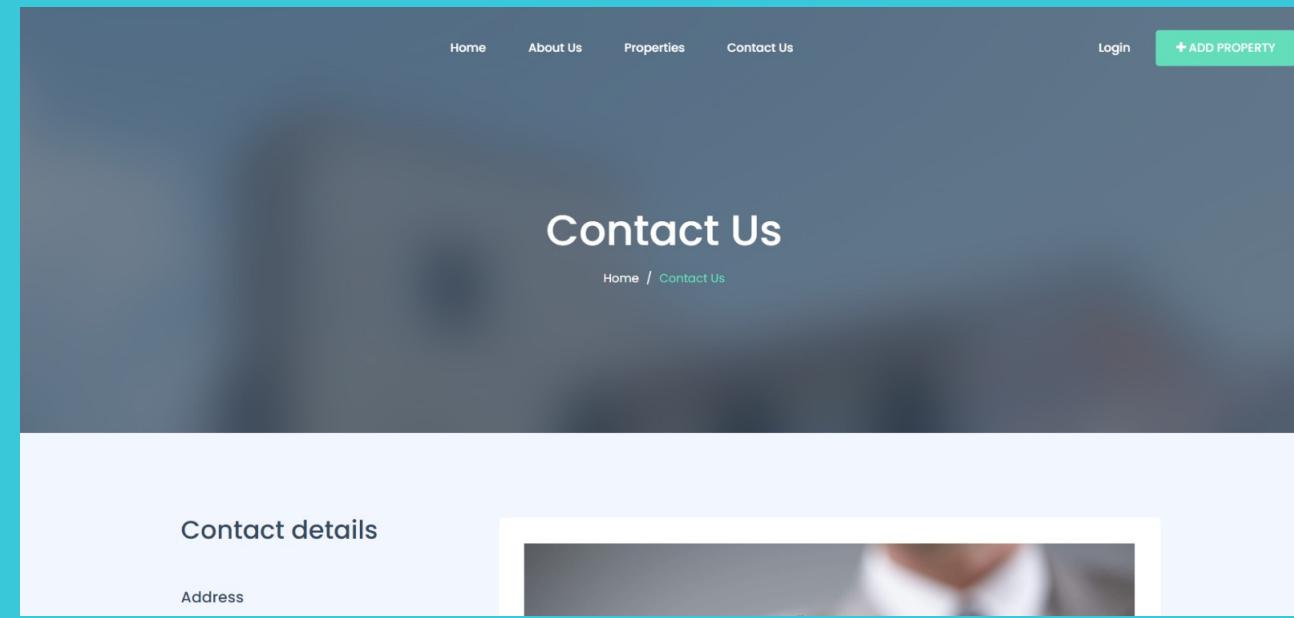

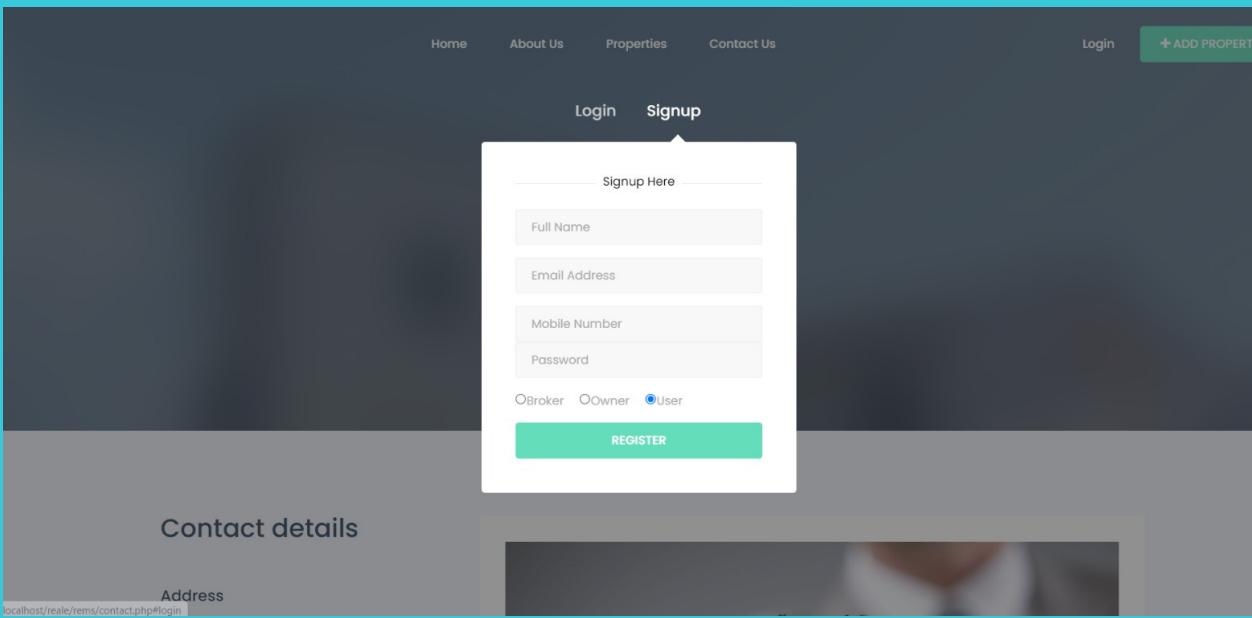

# WORKFLOW

**Uploading, listing, showcasing, connecting, reviewing.**

# WEBSITE

# CONTACT US

We aim to provide a smooth, intuitive and simple solution to our customers who are in the real estate market.

However, some issues might have escaped our notice. For any queries, you can contact us on these channels.
